② Number of students to be accepted: 30

③ Period of scholarship: October 2025 – March 2027

④ Requirement for program completion

• Japanese language education

A six-month intensive Japanese language course at the elementary level is offered in the Morito Institute of Global Higher Education (about 30 hours of instruction per week). As long as main supervisor accepts, they could be admitted directly into academic training (if necessary, with the intermediate or advanced Japanese Language/Japanese Affairs course) for one and a half year without the above-mentioned intensive language course.

• Specialized training

We provide for individual academic tutoring by main supervisor and conduct in-depth research on respective training themes during one-year academic training, 10 hours or more of study time per week is required for research, lectures, and practicum. At the end of the course, teacher training students are required to submit their final report for their program completion.

• Practical Training, Fieldwork, and Exchanges

Extra-curricular activities and cultural programs with Japanese students will be organized by university such as school visits, exchange programs, tours to historical places in Hiroshima.

◇ Follow-up for graduates

Hiroshima University has 22 overseas bases in 14 countries and regions. And, Overseas Alumni Associations have been organized in nine countries and regions for networking those who have graduated or completed their studies including teacher training students. We will soon make a new platform for the collaboration of overseas bases, alumni associations, companies, and related organizations. As the first model, the Hiroshima University Alumni Association Indonesia Chapter was established in 2022.

Even after completing their studies, teacher training students keep in touch with their main supervisors and actively devote themselves with high expertise to the educational development in their home countries.

* Overseas Bases: China (Beijing, Shanghai, Chongqing, Changchun, Qinhuangdao), Taiwan, Mongolia, Indonesia (Jakarta, Bandung), Vietnam, Myanmar, Cambodia, Russia, Germany (Münster, Saarland), Lithuania, Mexico (Mexico City, Guanajuato), Brazil, Kenya, Egypt (Cairo, Galala)
